DETAILED ACTION

Allowable Subject Matter

1 Claims 2-8 are allowed.

2 The following is an examiner's statement of reasons for allowance:

The claims are allowed over the cited prior art because none of the references teaches or discloses a method and a system for improving electrostatic discharge (ESD) circuit response time having an ESD protection circuit, and a bypass circuit that bypasses the ESD protection circuit when a higher frequency voltage increase is detected, whereby the ESD circuit directs the higher frequency voltage increase away from a main circuit without substantial delay when the higher frequency voltage increase exceeds a threshold voltage.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Y. J. Han whose telephone number is 571-272-2078. The examiner can normally be reached on Mon-Fri 5:30am-2:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Sherry can be reached on 571-272-2084. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
